In a nutshell

- **A role to play.** We live in a special time of upheaval, renewal and unprecedented opportunities, in which many of us feel we have our own role to play.
- **New phase.** We are challenged to move away from old beliefs, strategies and reflexes that are often based on fear and self-interest, on struggle and shortage, and to grow into a new phase of living and working together based on trust and connection.
- **To the core.** Can we re-examine who we are as human beings, earthly and spiritual, good, unique, full of abilities and yet all equal and tightly connected on different levels?
- **A broader consciousness.** When we work together in ever-expanding circles from a deep sense of oneness—doesn't a new world open up for us?
- **In unity.** This workshop makes Human 4.0 as a development perspective concretely applicable to organize your own region in unity.

What are we going to do?

Using inspiring texts, discussion questions and exercises, we dive into a number of themes together, deepening and broadening our perspective of who we are as human beings and how our humanity connects us.

Themes covered include:

- Human 4.0 in the Preamble of Society 4.0
- A process of desintegration; a process of integration
- Transformation: personal and social
- Connection & trust as a state of being
- Being a soul, having a body
- One Source
- Oneness in equality and diversity
- Essence and potentiality: reading reality, seeing the truth
- Fight, flight & freeze vs. feel, face & faith
- A new attitude towards money
- The power of unity

About Human 4.0

"Human 4.0" was "born" on November 11, 2021 in the preamble to the founding act of Society 4.0 Cooperative. The idea is: a new society 4.0 does not arise from Human 3.0, but requires a personal and collective transformation process. This workshop is the first of a number of programs that will be offered from Society 4.0 Academy to that end.

About ONE

Facilitators of this workshop are Onno van Bakkum and Marziyeh Reyhani, founders/trainers of ONE Cooperative. Both are also active within Society 4.0. ONE works from the Bahá'í vision of the oneness and unity of humanity. For more information: www.onecoop.nl or one@onecoop.nl.
